

**Do you excessively acquire and have trouble discarding objects to the extent that your living spaces have become cluttered?**

Help us develop our understanding of **Compulsive Hoarding**.

Professor Paul Salkovskis, Dr James Gregory and Dr. Claire Lomax at the University of Bath

We are looking for people with hoarding problems, either alongside obsessional problems or without them. We wish to talk to people who have both had the problem for a relatively short time and those for a relatively long time in an attempt to compare their experiences.

You will be asked to participate in a brief interview (over Skype, telephone or in person – if possible) and to complete a set of questionnaires (online or via post). In total, it should take approximately two hours and you will be given a £10 voucher as a small gesture of thanks.

If you are interested, please follow the link for more information and to register your interest: <http://tinyurl.com/hoardingstudy>

Additionally, you can follow us on twitter for regular project updates: @Hoarding\_Bath.
